

Newcomer's Welcome

The Nar-Anon Family group is primarily for you who know or have known a feeling of desperation concerning the addiction problem of someone very near to you. We have traveled that unhappy road too, and found the answer with serenity and peace of mind.

When you come into the Family Group you are no longer alone but among true friends who understand your problem as few others could. We will respect your confidence and anonymity as we know you will respect ours. We hope to give you the assurance that no situation is too difficult and no unhappiness is too great to be overcome.

Our program, which is not a religious one, but a spiritual way of life, is based on the Twelve Steps of Nar-Anon. We have found that the working of these steps will bring the solution to practically any problem. We urge you to take this program and its twelve steps seriously. It has been helpful to us as the Narcotics Anonymous program is to the addict. We only ask for the wisdom and courage to see ourselves as we really are, to do something about ourselves with the help of a higher power as we understand this, and for the grace to release our addicts with love and cease trying to change them.

Keep an open mind and attend as many meetings as possible. Feel free to share during the meeting. You may ask questions after the meeting. You will soon make new friends and will feel very much a part of the group.

With the understanding that addiction is a disease, and the realization that we are powerless over it as well as over other people's lives, we are ready to do something useful and constructive with our own. Then, and only then, can we be of any help to others.

Remember all people are always changing. When we judge them we judge on what we believe we know of them, failing to realize that there is much we do not know, and that they are constantly changing as they try for better or worse to cope with life. Give others credit for having had many victories which are unknown. We are all of the same cloth, though of a different cut.

Remember you too are always changing and you can direct that change consciously if you so desire. Yourself you can change. Others you can only love.
